

Frank Delatorre of the SSA will be addressing the VAC at the April 21 meeting

State Approving Agency – GI Bill (click on links for more information)

The State Approving Agency (SAA) approves college and non-college degree programs, vocational flight training, apprenticeships and other on-the-job training so that federal educational assistance benefits may be paid to veterans and other eligible persons under the several programs administered by the United States Department of Veterans Affairs.

The types of approved training establishments include the following:

- Colleges and Universities
- Vocational Schools
- Business Schools
- Professional Schools
- Vocational Flight Schools
- High Schools
- Apprenticeships
- On-the-Job Training Programs
- Licensing and Certification Tests
