

McHenry County Animal Control & Adoption Center: Volunteering with Us:

Got Love?

Volunteers perform an invaluable service in the operation of MCAC. Our Adoption Center is always looking for dedicated, energetic volunteers—the lifeblood of our facility. As a volunteer, you are the community link and the one who handles, trains, and interacts with our adoptable animals. If you are 18 or over, you could help with a range of activities from animal socialization to adoption counseling to kennel cleaning to office work. Thanks to our volunteers, more pets have forever homes and live happy lives. Get involved today by filling out this [form](#)!
