If comments are given regarding a zoning petition, the County Board may consider the arguments persuasive, but the County Board should base its decision on the evidence presented at the Zoning Board of Appeals.

1.2 Persons addressing the Board are encouraged to refrain from statements or conduct that is uncivil, rude, vulgar, profane or otherwise disruptive to the conduct of the Board's business.

1.3 Any person wishing to address the County Board on any question shall be provided not more than three (3) minutes at the time allotted for public comment. The total time allotted for public comment shall not exceed thirty (30) minutes, unless extended by County Board action.

A petitioner may request that his or her petition be continued to a date certain any time prior to final action of the County Board by notifying the County Board Chairman or Planning, Environment & Development Committee Chairman. Continuance of a petition at the request of the petitioner does not require a vote by the County Board, nor is it limited to a single continuance, provided such continuance does not extend the vote by the County Board to a date past one hundred eighty (180) days after the close of the public hearing. Any request for a continuance extending the County Board vote to a date past one hundred eighty (180) days after the close of the public hearing shall only be granted by a majority vote of the members present.

The Chairman of the Planning, Environment & Development Committee shall present the petition to the County Board in the form of an affirmative motion for purposes of discussion. The Chairman of the Planning, Environment & Development Committee may speak on either side of the motion. If a recommendation to "deny" or "no recommendation" is forwarded by the Zoning Board of Appeals, the Chairman of the Planning, Environment & Development Committee shall so state.

All motions on zoning petitions shall be made in the affirmative. (A "yes" vote is a vote to approve, regardless of the Zoning Board of Appeals or Hearing Officer recommendation.) A zoning petition shall be approved if it obtains the required number of affirmative ("yes") votes as indicated below:
