

McHenry County Mental Health Board FY18 Funded Agencies and Programs

The McHenry County Mental Health Board (MHB) is a special purpose unit of government regulated through the Community Mental Health Act. The Community Mental Health Act authorizes the levy of an annual tax and empowers the MHB to administer the levy through the direction of a nine-member board of community representatives appointed by the County Board.

For CFY 18, \$10,072,506.00 in local community mental health funds are allocated directly to 31 agencies in order to provide prevention, treatment, and recovery support services for McHenry County residents living with mental health, substance use, and intellectual and developmental disability related needs.

Twenty Second Judicial Circuit Court \$194,460

<https://www.co.mchenry.il.us/county-government/departments-a-i/22nd-judicial-circuit>

The Twenty Second Judicial Circuit Special Courts Programs assist adults with mental illness, substance abuse/dependence, and co-occurring disorders who are involved in the criminal justice system.

- **Specialty Courts Programs** services are provided with an interdisciplinary team approach including circuit judge, prosecutor, defense attorney, law enforcement officer, probation officers and treatment professionals. Services include comprehensive behavioral health and physical health assessments, service plan development, engagement and support, consultation and compliance monitoring.

Association for Individual Development (AID) \$582,931

<http://www.the-association.org/>

Association for Individual Development (AID) provides services to individuals who have developmental, physical and/or mental disabilities, those who have suffered a trauma, or those at risk.

- **Psychiatric and Tele-Health Services** has expanded in McHenry County to include psychiatric nursing (two days a week to integrate primary and behavioral healthcare), transcription/scheduling (5 days a week to document nursing visits, coordinate client appointments and serve as a liaison for tele-health/psychiatry), on-site and remote tele-psychiatry (two days a week), and psychotropic medication services to McHenry County residents with mental/behavioral health challenges.
- **Behavioral Health Supported Living Services** program offers intense, customized coordination services focused on homeless prevention, treatment, support and recovery; providing integrated primary and behavioral healthcare, psychiatric services, and permanent supportive housing services to at-risk McHenry residents with mental health and behavioral health challenges.
- **Law Enforcement Coordinator** will provide care coordination services to McHenry County residents who are law enforcement identified individuals who are believed to be at risk for future police intervention and/or in need of behavioral health intervention.
- **Behavioral Health Bilingual and Outpatient Services** case managers and therapists provide services designed to promote recovery and prevent psychiatric hospitalization, institutionalization, incarceration and homelessness for individuals with serious mental illness in McHenry County. AID will continue to enhance and expand BHOP services in McHenry by further developing bilingual therapy and community support services for the purpose of reaching underserved Spanish-only speaking individuals living in McHenry County.

McHenry County Mental Health Board FY18 Funded Agencies and Programs

Aunt Martha’s Youth Service Center, Inc. \$467,500

www.auntmarthas.org/woodstock

Aunt Martha’s is one of the state’s largest Federally Qualified Health Centers. Behavioral health services include adult, child, and adolescent psychiatry and therapy, individual counseling, and comprehensive diagnostic evaluation and treatment.

- **Psychiatric Services** Aunt Martha’s has expanded our model of integrated care by bringing behavioral health (BH) services into the primary care clinic setting by offering routine mental health screening and access to treatment to: promote early detection and improved management of treatment; reduce the stigma of treating mental health disorders and offer convenience to patients; promote adherence and strengthen monitoring of the treatment plan; and, build on the existing, ongoing PCP and patient relationship.

Centegra Hospital - Woodstock..... \$1,460,859

<http://centegra.org/>

Centegra Specialty Hospital, Woodstock is the primary service location for Behavioral Health Services for Centegra Health System. The Behavioral Health Service line provides acute care for adults (18 and older) with Mental Health and or Substance dependence problems.

- **Behavioral Health Access and Crisis Services** MHB and CHS’s continued partnership focuses on supporting an array of crisis stabilization services. Through this partnership, the MHB is ensuring community access to a community behavioral health crisis line, crisis assessments, crisis intervention, linkage/referral/care collaboration, Behavioral Health informed emergency care, short-term crisis stabilization, A Way Out, Critical Incident Stress Debriefing (CISD), post care community care and recovery navigation, and the establishment of a CHW site-based community behavioral health non-emergency access point.
- **Substance Abuse Nurse Educator & Community Liaison** works with the Substance Abuse Coalition and CHS medical team to enhance prevention and treatment practices related to substance use disorders, with a focus on alcohol detoxification and opioid dependence. On a community level, this role focuses on ensuring Centegra can provide the resources necessary support and co-facilitate key community partnership initiatives. Specifically, this role will take a formal lead in implementing the Naloxone law enforcement program and partner with the substance abuse coalition to promote other prevention based initiatives.

Clearbrook..... \$251,040

<http://www.clearbrook.org/>

Clearbrook provides services, programs and support for children and adults with autism, Down syndrome, cerebral palsy and other intellectual/developmental disabilities as well as their families.

- **CHOICE Program** is innovative in offering participants "choices" in the areas of employment, volunteering, leisure activities and socializing in settings that utilize natural supports in the community and through community partnerships. Families/participants also have a "choice" to participate in the program on a full or part time basis. The CHOICE program model includes a specifically developed personal exploration tool (PEP). As each participant enters the program they "discover" their interests and document them via the PEP. This is the foundation for the program's person centered model of service design and delivery.

McHenry County Mental Health Board FY18 Funded Agencies and Programs

Community Health Partnership of Illinois \$36,188

<http://www.chpofil.org/>

Community Health Partnership of Illinois provides comprehensive, integrated primary health care services targeting underserved, predominantly Latino rural populations, including migrant and seasonal farmworkers and families throughout northern and central Illinois.

- **Breaking the Stigma: Mental Health for Our Community** is an integrated, prevention-oriented behavioral health program targeting the Latino population in the Harvard Area Community Health Center service area. It will provide Spanish outreach therapy, community mental health outreach and education as well as care coordination and referrals for clients in need of medical, substance abuse and psychiatric services.

McHenry County Mental Health Board FY18 Funded Agencies and Programs

Special Education District of McHenry County (SEDOM) \$11,814 <http://www.sedom.org/>

The Special Education District of McHenry County (SEDOM) is a special education cooperative serving 18 member school districts in McHenry County. The purpose of the cooperative is to support member districts in the provision of special education programs, supports and services for students whose unique educational needs cannot be met within local programming.

- **Transitional Youth Program (TAP)** prepares youth and young adults with emotional and mental health issues to move into adult roles through an individualized process, engaging them in their own futures planning process as well as providing developmentally appropriate services and supports.

Thresholds \$582,915 <http://www.thresholds.org/>

Thresholds serves McHenry County adults age 18 and over who have a DSM-V-TR or ICD-10 diagnosis of a severe mental illness and require psychiatric, community support (Individual, Team and/or Group), and/or supervised housing services.

- **Non-Medicaid Community Support Services** offer support for members in their homes or in the community, and are adapted to meet the unique recovery goals and needs of our members. These services aid members in maintaining stability psychiatric symptoms between psychiatry appointments and other, more traditional treatment interventions.
- **Non-Rule 132 Representative Payee Services** assists members in sustaining their independent functioning in the community. This fiduciary responsibility assures that each member's basic needs, including housing, food, mediation, transportation and phone service, are met using their SSI or SSDI benefits.
- **Housing Specialist** works with other providers to identify homeless individuals with mental illness and facilitates their transition in one of three Permanent Supportive Housing programs. Relationships are also developed with the McHenry Housing Authority, landlords and property managers to expand the inventory of available affordable housing for County residents with mental illness who would otherwise have difficulty finding and maintaining stable housing.
- **Homeless Outreach Flex Funds** provides basic needs and so engage the homeless in services. These funds will facilitate social interactions between the Outreach workers and the homeless individuals they are seeking to engage.
- **Nurse** assures that the integrative health needs of members are adequately addressed, through advocating with Medicaid and/or the member's MCO to obtain prior authorization of medications, receive approval for medications, track all prescriptions and assure that staff comply with policies and procedures related to handling medication.
- **Housing First Demonstration Project** The goal of this project is to identify, engage and ultimately house individuals who meet the HUD criteria for Chronic Homelessness.

McHenry County Mental Health Board FY18 Funded Agencies and Programs

Transitional Living Services, Inc. dba TLS Veterans..... \$219,597 <http://www.tlsveterans.org/>

TLS works to guide homeless veterans back into the community as productive members; engages military families as they face emotional challenges of deployment and reintegration; and challenges residents in our community to support veterans, the troops and military families.

- **Recovery Support and Treatment, New Horizons** ensure that clinical services in the form of recovery support are provided to the formerly homeless veterans going through the transitional living program, New Horizons. These services are provided while the veterans reside in the program as well as after discharge if they choose the ongoing support.
- **Recovery Support and Treatment, Peer Support Group** is comprised of three veterans who are certified as peer support specialists, who manage the drop-in resource center at the agency. They receive phone calls and drop-in visits from veterans and/or veteran family members who need mental health support for any reason.
- **Recovery Support and Treatment, PTSD Group** each session focuses on the use of the techniques as well as corresponding life domain information and strategies to decrease overall stress and increase ability to cope.
- **Accreditation Costs (New Horizons / Peer Support Group)** accreditation strengthens service delivery and integrity by keeping a set of standards as a reminder and measure.

Turning Point, Inc..... \$600,000 <http://www.mchenrycountyturningpoint.org/>

Incorporated May 20, 1981, Turning Point is the only comprehensive domestic violence crisis intervention agency and a secure shelter in McHenry County, and the only McHenry County member agency of the Illinois Coalition Against Domestic Violence.

- **C/V Advocate** services include: crisis intervention and stabilization, secure emergency shelter, legal and non-legal advocacy, individual and group counseling, support groups and referral services.
- **Trauma Based Services** emphasize child safety, client-driven counseling sessions, safety planning skills, encouragement, providing options, helping children respect the authority of the parent survivor, building on strengths of the child/parent survivor, cultural competency and respect, education regarding types of abuse, and holding perpetrators accountable for abuse.
- **Partner Abuse Intervention Program (PAIP)** provides education to adults who are abusive or are at risk of abusing their partners or family members. Practices in the Partner Abuse Intervention Program (PAIP) are adapted from the Duluth Model, the best available research in the field. The program provides education that gives abusers an opportunity to change their behavior and make non-violent choices which improves health and safety in the lives of their partners, family members and community.
